

Healing Waters
DAY SPA™

Our Story

Welcome to Healing Waters – where skincare and personal wellness are our passion. Healing Waters was created from a desire to bring advanced aesthetics and personal pampering to our community. Our philosophy combines the best from nature and science – our family’s ten-acre lavender farm in Durham, North Carolina, became our inspiration for sharing the natural beauty and health benefits of botanicals with our Healing Waters clients.

Before entering the spa industry, each of us held faculty positions with the Department of Neurosurgery at Duke University. In 2001, we moved to our current home in Wichita, Kansas, where we opened our flagship spa.

With a background in surgery, we understand the need for precision and excellence in order to achieve desirable outcomes. These values have been woven into the management and development of Healing Waters.

We are delighted to extend our devotion to excellence, professionalism and skincare expertise to each of you. Our goal is to help you master the art of relaxation and cultivate your own personal passion for beauty.

All Healing Waters services are designed to seamlessly wrap around your personal wellness needs. We have incorporated the best products, services and customer care team the world has to offer. Relax. Enjoy. Live well.

Pure MD® Facials – Skin Science from Healing Waters

Because you're unique and your skin is unique, each Healing Waters facial is designed around you. We offer four basic facials to address your skin type, then customize key elements of the basic facial to properly address your highest priorities. All of our facials use Pure MD® – our own scientifically formulated skincare line and include two Skin Science Boosters.

Each facial concludes with a customized overview of the skin science used in your service. We recommend a return visit every three weeks to best facilitate cellular turnover and continue the benefits of your facial.

Body Cocoons

Our body cocoons detoxify and promote internal cleansing while nourishing the body with nutrient-dense “superfoods” that are applied to the skin in combination with steam therapy. Dry skin, cellulite, bloating and hormonal imbalance are all effectively treated through a purging of toxins and an infusion of minerals. Cocoons also boost the body’s circulation.

Aqua Sea Glow

Our solution to flaky, dehydrated skin. Nutrient-dense botanical oils are painted over the body to quench parched tissue, while ancient sea salts are used to slough away dead skin cells. Steam therapy is incorporated to hydrate and detoxify your thirsty exterior.

55 min / \$115

Healing Waters Body Odyssey

With this all-inclusive approach to full body rejuvenation, you will experience a moisture drench of nourishing oils followed by a full body buffing with ancient sea salts. A seaweed mask is applied to detoxify, nourish and remineralize the body and skin. Steam therapy is incorporated to open pores, releasing stagnant energy.

Cellulite Sea-Therapy Treatment

Your problem areas are cleansed and rebalanced with clay algae compression wraps that work to simultaneously slim, remineralize, relax and hydrate. Designed to purge stagnant fluid and reduce the appearance of cellulite.

Did you know? Persistent dry skin can be a sign that your body is lacking essential minerals necessary for proper internal moisture absorption.

Feminine Energy Treatment
